Purpose of the qualification

Why study LIBF Level 4 Certificate in Supply Chain Finance (CSCF)?

Supply Chain Finance (SCF) is a term that has been around for some time in the banking and finance market but historically definitions have varied considerably and there has been little consistency across the range of solutions and products available. In fact, the term 'SCF' is often used to describe a Payable Finance solution (a.k.a. Supplier Finance or Reverse Factoring) when in reality this is just one technique amongst a very broad range of solutions. The SCF family of techniques includes both receivables purchase based and loan based solutions as well as traditional documentary trade finance, and the certificate will introduce students to all these valid vehicles for financing supply chains. The defining characteristic of SCF is that the various techniques are driven by events in the physical supply chain and as such, the analysis of the client's underlying trade cycle and the accurate identification of financing, risk mitigation (including foreign exchange management) and settlement needs are central to the approach.

The Certificate in Supply Chain Finance (CSCF) is relevant if you work or are aspiring to work within an area dealing with SCF. In completing this qualification, you will develop an understanding of the standard definitions for techniques of SCF, you will also learn how to identify funding gaps as a result of trade cycle analysis, understand clients needs and develop your skills in structuring and implementing SCF solutions offering a combination of receivables purchase, loan-based and documentary techniques as may be appropriate.

Objectives

To provide the knowledge and skills required to be an effective international supply chain finance professional.

Key content areas

- the supply chain finance environment;
- the role of traditional trade finance products;
- the key components of trade cycle analysis;
- the application and implementation of supply chain finance techniques and associated legal, technological, cost and risk implications;
- the importance of innovation and strategy.

Qualification learning outcomes

On completing this qualification you will:

LO	Detail
LO1	Understand the need for and use of Supply Chain Finance
LO2	Understand and be able to apply Trade Cycle Analysis
LO3	Understand and be able to structure Supply Chain Finance solutions
LO4	Understand the practicalities of the implementation of Supply Chain Finance
LO5	Understand alternative financing and innovation in Supply Chain Finance

Key skills developed

The qualification will encourage you to:

- develop your ability to undertake trade cycle analysis.
- develop your ability to structure supply chain finance solutions.
- increase your ability to work and study independently and utilise resources effectively.

Entry requirements

There are no specified entry requirements. However, a working knowledge of the basics of trade finance would be an advantage and you need to be satisfied of your ability to study in English.

Recognition of prior learning

In line with the London Institute of Banking & Finance regulations, as CSCF is a single unit qualification, recognition of prior learning does not apply.

Progression and preparation for further study

When you have successfully completed the Certificate in Supply Chain Finance (CSCF) qualification, there are opportunities for further study with The London Institute of Banking & Finance. Our [Professional Qualifications](#) cover a wide range of topics and areas including banking, trade finance, financial advice, mortgage advice, complaints handling and other specialist qualifications.

Apprenticeships

CSCF is not currently available through an apprenticeship standard.

Preparation for employment / professional development

This qualification has been designed for you, if you are working or aspiring to work within the Supply Chain Finance industry; it has been designed to develop knowledge and understanding and enhances skills that are valued within the Supply Chain Finance sector.

Structure

CSCF is made up of **one mandatory unit** which must be successfully completed to achieve the qualification:

The detailed unit syllabus is available as an Appendix to this document and the latest version is always available through our course site.

Total Qualification Time (TQT)

Total Qualification Time (TQT) is a prediction of the total time a student with no prior knowledge might need to complete the course.

TQT consists of two elements, Guided Learning (GL) and all other hours:

- GL is time spent studying under the immediate guidance or supervision of a teacher.
- All other hours include hours spent unsupervised in research, learning, e-learning, e-assessment, exam preparation, and formal assessments.

CSCF is primarily considered as a distance learning qualification with on-demand examinations through Pearson VUE.

Guided Learning Hours	3 hours
Other hours	267 hours
Total Qualification Time	270 hours

Learning resources

CSCF is available as a distance learning qualification, it allows you to study independently with comprehensive online learning materials. Practical (non-academic) support is available from The London Institute of Banking & Finance Student Services.

You are provided with the following learning resources:

- online access to the core text through **MyLIBF**- www.myLIBF.com;
- access to KnowledgeBank (e-library) through **MyLIBF**;
- online study course;
- unit syllabus;
- study planner;
- specimen examination paper;
- student handbook; and,
- student-led forum.

What to do before the assessment

Examinations are sat electronically at any one of the Pearson VUE test centres worldwide. You must be registered to sit an examination at a centre of your choosing (subject to demand / availability); this is managed by you. It is recommended that you book your exam 3 weeks in advance of the date you wish to sit. However, subject to availability, an examination can be booked as little as 2 working days in advance. Examinations can be booked via the [Pearson VUE website](#) or by [phone](#).

To prepare for the assessment, you should make use of all learning resources.

Assessment

CSCF is mandatory and assessed by way of a single examination lasting two and a half hours. The examination paper is split into two sections:

- a. 60 marks are available for Section A: 60 multiple-choice questions (MCQs), students will select one answer from four provided, one mark available for each correct answer (total of 60 marks available).
- b. 40 marks are available for Section B:
 - i. five MCQs, students will select one answer from four provided, one mark available for each correct answer (total of 5 marks available);

- ii. five multiple-response questions, students will select three answers from six provided, one mark available for each correct answer (total of 5 marks available); and
- iii. 3 case studies comprising a combination of questions requiring students to evaluate the scenario, including questions requiring students to pair statements from a selection of options, 10 marks will available for each case study (total of 30 marks available).

A total of 100 marks are available overall. The pass mark for the examination is 70% of the available marks; however, you must also achieve 60% of the marks available in section B in order to pass the qualification.

The structure of the assessment ensures that all course content is subject to assessment.

Qualification grading

The overall qualification will be graded pass / distinction. To achieve a pass, you must achieve at least 70% overall (minimum of 60% for Section B).

Grade	Pass mark (%)
Pass	70–94
Distinction	95–100

Feedback is provided via analysis sheets (available on www.MyLIBF.com) in order for you to see the relative strength of assessment performance.

Registration period

CSCF has a twelve month registration period.

Re-sit attempts

There are no restrictions on the number of times you can resit the unit, although each resit will require a new registration and payment of the appropriate fee.
