About the Scholarship

The Accelerate Scholarship is organised by Trade Finance Global and was initiated in 2018 to address the trade finance education gap, due to a lack of suitably skilled and qualified specialists in the sector – in a challenging time of reduced global trade, a significant shortfall in skilled entrants in the shipping and marine space, and general confusion around the trade finance market.

Following Brexit, the pandemic and the lingering global supply chain crisis, TFG believes educating future leaders of the international trade industry is now more important than ever.
