FAQs

Why do the TFG Awards exist?

The TFG International Trade Awards aim to recognise and promote businesses and service providers who are directly or indirectly contributing towards the trade, supply chain and receivables space. Simply put, TFG looks at the trade market before nominating and later awarding companies who have shown an outstanding contribution to the sector.

Can I nominate my company?

Nominees for the Awards are chosen by staff and judges within Trade Finance Global. However, we also welcome external applications or self-nominations - please use the form on the website at tradefinanceglobal.com

Does it cost and can I sponsor?

Absolutely not, unlike many awards, the TFG International Trade Awards are not-for-profit and seek to recognise the best in the industry. The winners are chosen because of the quality of their services and products, hence why this is a completely non-commercial activity, run by TFG.

Is there an awards ceremony?

Yes. TFG will be announcing the winners of the 2022 awards at the BAFT 2022 Global Annual Meeting on 4th May 2022 in Washington, DC.

What do the winning companies or organisations get?

Winning a TFG International Trade Award is a competitive and rewarding experience, and winners often receive considerable press coverage and recognition. The winners will be featured on our homepage, as well as a dedicated interview section for each winning company. This will be promoted across TFG's media channels and through our institutional associations and partners.
