TESTIMONIALS

JOHANNA HILL

Deputy Director-General,
World Trade Organization

“ It was a great pleasure and an honour to be part of the Women in Trade, Treasury and Payments event. Truly inspiring to share experiences highlighting women's leadership and showcasing their pivotal roles in driving equality, innovation, and excellence. ”

CATHERINE LANG-ANDERSON

Partner, **A&O Shearman**

“ It was fantastic to be a part of TFG's Women in Trade, Treasury & Payments event. Such a privilege to spend the day with so many inspiring women in our industry from all around the world and to hear from the amazing speakers. Looking forward to next year as this event goes from strength to strength! ”

NEHA NORONHA

Unit Head, South Asia, Trade and Supply Chain Finance Program, Private Sector Operations Department, **Asian Development Bank**

“ I have met so many inspirational women in my Trade Finance career but before the TFG event there wasn't really a platform available for women in the industry to come together to share our challenges, solutions and ideas to make Trade a more equitable place to work. It's a great networking platform linking women in the industry and helping showcase women in the industry. I have been a beneficiary of the visibility and platform provided by the online campaign and it certainly helped me in my career. ”

KATHERINE TENG TIO

Manager, Gender and Diversity Finance, **BII**

“ The WITTP event was an inspiring convening of women in the industry, who so rarely get the chance to connect, learn from each other, and be celebrated. More events like these are crucial to building greater gender diversity and inclusion in trade overtime. ”

JAYA VOHRA

Managing Director, Global Head of Trade & Working Capital Product and Client Management, **Barclays**

“ Thanks to Trade Finance Global for inviting me to their Women in Trade, Treasury & Payments event, celebrating International Women's Day. It was a fantastic day, meeting successful female leaders from diverse backgrounds, debating key topics to further enhance the representation of women in the industry and sharing best practices. ”
